Pricing

Following is a price list and brief description of all products and accessories Lifeline Audio Video Technologies has available. Please call us if there is a product you cannot find. Prices are subject to change without notice.

Discounts

Lifeline Audio Video Technologies offers a \$50 discount per system if you order six or more systems at one time (mix and match systems if you wish.)

Terms

Net 30 days on all orders. 1.5% interest will be billed to accounts past due more than 30 days.

Freight

All systems have a freight charge, as designated on each system description page, if shipped in continental US (please call for freight charges to Alaska and Hawaii). Accessory order freight charges depend on quantity and size of the order. All products are shipped via UPS or Federal Express ground unless otherwise requested. Special shipping instructions (next day air, second day, etc.) can be provided. Customers will be charged the difference between the special shipping charge and ground transportation.

Ordering

When ordering product include purchase order number, ship to and bill to address, contact person and phone number, along with product number and description. Orders may be faxed to 608-348-7918. Most orders will be filled within 48 hours of receiving your purchase order. In certain instances, products may be on backorder, however Lifeline Audio Video Technologies strives for a 100 percent fill rate. If you need an order by a specific date please include this on your order.

Warranty

All main components (amplifier, speakers, transmitter, receivers, etc.) carry a 5-year warranty. All accessories (except for walkman

style headsets) carry a 1-year warranty.

Walkman style headsets as part of our

Champion series carry a 90-day warranty.

Lifeline Audio Video Technologies will repair and/or replace, at our option, any unit that

does not function properly within the warranty time period. Units under warranty needing

repair work or replacement should be returned

to Lifeline Audio Video Technologies freight

prepaid. All units under warranty will be

returned (freight prepaid) to the customer.

Product misuse, neglect, or abuse is not

covered under warranty terms.

Patriot Amplification System

The Patriot Amplification System has 35 pre-selected set frequencies in the 169-200mhz frequency band. The Patriot uses the same frequencies as the A+ Amplification System making it very easy to use both types of systems in the same room.

The Patriot Amplification System includes:

- Wireless transmitter
- Detachable microphone
- Detachable microphone cable and clip (for lapel system)
- Amplifier/speaker/receiver in metal housing
- Heavy padded bag
- 9 volt nickel metal hydride battery
- Dual battery charger
- Nickel metal hydride battery pack for amplifier/speaker/receiver
- Users guide

The Patriot Amplification System was designed for maximum flexibility. Following is a listing of model numbers and descriptions for different ways to order the Patriot Amplification System.

Patriot system with collar mic

PTC-5 \$1095.00

Patriot system with headset mic

PTH-5 \$1095.00

Using Patriot in Conjunction with the A+ System:

If you currently own an A+ amplification system and wish to add a Patriot to the room, you will need the following:

Patriot amplifier, receiver, battery pack, bag, and charger

PT-AMPST2 \$895.00

PTC-5 Shown

Replacement bag for Patriot amp/speaker.
Available in black, blue, purple, and red
(specify color when ordering)

PTBG-1 \$69.00

Shipping charge of \$25.00 per system.

Prices shown do not reflect available discounts. See discount information on page 1.
